Christmas Wish
Written by Mark Krantz
Arranged by Masa Fukuda

Christmas is a time for peace.
It's a time for love.
It's a time for you and me.
It's filled with wonder it's filled with hope.
And you can feel it everywhere you go.
So just imagine peace on earth this Christmas
for the children and the children yet to come.

It just take one day like Christmas to make the world a better place for everyone.
Christmas is a time to look inside.
Open up your hearts, Open up your eyes.
See that we are brothers and sisters too.
It’s really not that hard for us to do.
So just imagine peace on earth this Christmas
for the children and the children yet to come.
It just takes one day like Christmas
to make the world a better place for everyone.

Christmas is a time for us to give.
To share a smile, feel like a kid.
So won’t you join us in a Christmas wish
that we can all share a Christmas gift.

Christmas is a time for peace.
It’s a time for love.
It’s a time for you and me.
It’s filled with wonder it’s filled with hope.
And you can feel it everywhere you go.
So just imagine peace on earth this Christmas
for the children and the children yet to come.
It just takes one day like Christmas
to make the world a better place for everyone.

Let’s make the world a better place for everyone.
Make the world a better place for everyone.
