

# It's Christmas . . . Again!

Words and Music by David T. Clydesdale

## ***Chorus***

*Celebrate the season!*

*Celebrate the joy!*

*The sleighbells are ringing, the car'lers are singing;  
the presents, the mistletoe, the gifts and the toys.*

*Celebrate the season!*

*"Peace on earth, good will to men!*

*Ev'rywhere that you go you feel the holiday spirit;  
it's fin'lly Christmas again!*

Deck the hall with boughs of holly;  
deck the hall with tinsel and lights.  
We're feelin' good and oh, so jolly!  
We're ready for this special night of nights.  
Deck the hall with joy and laughter;  
deck the hall with holiday cheer.  
All year long, we've waited and waited  
now Christmas is finally here!

## ***Chorus***

The time is running out;  
there's so much more to do;  
the shopping and the parties and food, food, food!  
The malls are overcrowded, no parking anywhere.  
I should have used the internet;  
you can ship gifts anywhere!  
You can shop in your underwear!

## ***Chorus***

Merry Christmas!
