Dialogue

We've got a great show for you,
we'll celebrate Christmas too.
Santa's Frosty Follies are here.
With dancing and singing,
we're glad to be bringing
you the best time of the year.

We've got Frosty the Snow Man
and his rock 'n' roll band,
Rudolph and his reindeer galore.
We've got Santa's elves
from up in North Pole land.
After Suzy Snowflake,
you'll be screamin' for more.

So sit back and enjoy the show,
but watch out for mistletoe.
Santa's Frosty Follies,
where ev'rything is jolly,
the Frosty Follies are here.

Here's the man in a funny red suit,
he flies in a sleigh with eight reindeer to boot.
He's bringing us presents then he's on the go
and all you will remember is "Ho ho ho"
Well, he's the man who comes once a year
and when he arrives we'll all give a cheer

We love him, we need him,
we love him because
he's the wonderful Santa Claus.
